EDUCATION

B.Tech in Computer Science & Engineering (AI & ML)

from Techno Engineering College Banipur (affiliated by MAKAUT)

2024 – Present

West Bengal, India

- SGPA: 3rd Sem - 7.59, 4th Sem - 7.32, 5th Sem - 7.39

Diploma in Electronics & Telecommunication Engineering

from Ramakrishna Mission Shilpapitha(affiliated by WBSCTE & VE & SD)

2021 – 2024

West Bengal, India

- Overall Percentage: 76.5%

Higher Secondary [Vocational(Engineering & Technology)]

from Purba Barasat Adarsha Vidyapith(on board WBSCTE & VE & SD)

2019 – 2021

West Bengal, India

- Percentage: 78.2%

PROJECTS

AI-Based Superstore Sales Forecasting System

- Developed a demand forecasting system using machine learning to predict superstore sales trends[cite: 23].

Automated Cloud Data Collection System

- Designed a system to collect data via HTML forms and automatically store it within cloud-based spreadsheets.

Automated Birthday Email System

- Built a Python-based automation tool that monitors dates in a Google Sheet and sends automated birthday greetings via email.

AI-Based CV Generation Tool

- Created a tool that generates structured CVs from HTML web page form data using an AI-based system[cite: 27].

IoT Data Collection System

- Developed an Arduino UNO based system for data collection, computer visualization, and smartphone control.

Job recommendation by AI

- Developed a system through the demand of job by skills which have. Using machine learning to predict job.

SKILLS

Software Languages: Python, Java, C, C++

Web Development: HTML, CSS, JavaScript, PHP

Tools & Hardware: VS Code, Kaggle, Arduino Programming, IoT Development, Proteus Simulation

Office Tools: MS Excel, Word, Power Point

ADDITIONAL DETAILS

Courses: Ethical Hacking (NPTEL), Python Programming, HTML-CSS-Javascript

Hobbies: Gardening, Drawing
